

Technical Data Sheet

Contact Cleaner C CCC

Product Description

Contact Cleaner C is a non-flammable fast-drying solvent specially formulated for the quick and efficient cleaning of electrical equipment.

Features

- Non-flammable
- Fast evaporating
- Leaves a perfectly clean, dry surface - conventional solvents often leave greasy deposits which attract dust and dirt.
- Harmless to most plastics, rubbers, elastomers, and surface coatings.

Typical Properties:

Liquid density (g/cc)	1.37
Boiling Point	45°C
Vapour Pressure (mmHg)	347
Flash Point (Closed Cup)	None
Flash Point (Open Cup)	None

Packing

200g Aerosol with brush attachment

Order Code

ECCC200DB

Shelf Life

24 months

Directions for Use

CCC is suitable for use on electrical contacts, tape heads, components in electronic and video equipment, computers, optical and precision instruments, cameras etc. The product does not contain flammable solvents so can be sprayed onto live electrical equipment or other sources of ignition. Spray onto the surface to excess and allow it to evaporate. A brush is attached for removing stubborn deposits and heavier soiling.
