

Technical Data Sheet

Degreaser C DGC

Product Description

Degreaser C is a non-flammable fast-drying solvent specially formulated for the quick and efficient cleaning and degreasing of electrical equipment. A full range of cleaning solvents is available from Electrolube. The range includes fast and slow drying solvents and water based products. Specialist flux cleaners are also available.

Features

- Non-flammable
- Excellent removal of greases, oils and flux residues
- Leaves a perfectly clean and dry surface
- Harmless to most plastics, rubbers, elastomers, and surface coatings.

Typical Properties:

Liquid Density, g/cc	1.3
Boiling Point	36 °C
Vapour Pressure / mmHg	497
Flash Point	None (closed Cup)

Packing

200g Aerosol with brush attachment

Order Code

EDGC200DB

Shelf Life

24 months

Directions for Use

DGC is suitable for use on electrical equipment, PCBs, components in electronic and video equipment (including magnetic heads), computers, optical and precision instruments, cameras etc.

Spray onto surface to be cleaned to excess and allow to evaporate. The brush attachment may be used to remove any stubborn deposits.
