

## **PBS**

### **Anti-Spatter Spray**

PBS is an anti-adhesion safety product for use when using arc-welding equipment. Prevents “projections” sticking on to all treated surfaces. Suitable for protecting nozzles, weld units and tools intended for arc-welding processes. Free of silicone, this product enables welding work to be carried out on parts designed to be painted.

- Anti-adhesion product for arc welding; prevents the adhesion of “projections” on all treated surfaces
- Suitable for protecting nozzles, weld units and tools
- Silicone free; ideal for parts which are designed to be painted
- Very fast drying and non-flammable

<b><u>Description</u></b>	<b><u>Packaging</u></b>	<b><u>Order Code</u></b>	<b><u>Shelf Life</u></b>
Anti-spatter Spray	400 ml aerosol	PBS400	24 Months

### **Directions for Use**

Shake aerosol can before use. Spray directly onto parts to be treated (nozzles, units etc.), allow to dry for a few moments and proceed with welding. Surfaces can be cleaned with a white spirit-type petrol-based solvent.
