

Technical Data Sheet

Video Tape Head Cleaner

VID

Product Description

Video Tape Head Cleaner is a high quality cleaning solvent developed for use on all magnetic tape heads to ensure peak response and high quality reproduction. VID contains a flammable, 100% Ozone Friendly, blend of solvents. A non-flammable 100% Ozone Friendly product is also available (order code VIDP200).

VID is suitable for cleaning magnetic tape heads on video, tape, cassette and audio recorders etc. (Data processing, word processing, computers etc.).

Features

- Loosens and removes accumulated deposits of dirt and tape oxides
- Fast drying, leaves no residue
- Can be used safely on plastics, rubbers etc

Approvals **RoHS Compliant (2002/95/EC):** Yes

Typical Properties:

Appearance	Colourless liquid
Specific Gravity @ 20°C:	0.63
Flash Point:	<-45°C

Packing

200 ml Aerosol
400 ml Aerosol

Order Code

EVID200
EVID400D

Shelf Life

36 months
36 months

Directions For Use

Spray fluid directly onto the heads to be cleaned. If necessary the head may also be wiped with buds or lint-free cloths saturated in solvent. The solvent will quickly evaporate, rapidly returning the unit to operation. Do not use on live equipment and ensure that all solvent has evaporated before connecting to the power supply.
